No 207

## NINETY - ONE MILLION TEXT OF PEACE TREATY

### WHEAT YIELD OF THE WEST

The Total Yield of all Kinds of Grain Placed at 172,938,640 by the Grain Dealers' Association

Winnipeg, Sept. 8.—Over ninety-one and a half million bushels of wheat is what the Canadian West will produce this year, according to the estimate made by Frank G. Fowler, secretary of the North West Grain Dealers' Association, in a report showing the crop conditions on Aug. 15. He figures on the average, average yield and total production of wheat, oats, barley and flax:

Grain	Acres	Average	Yield
Wheat	4,019,000	22.8	91,833,200
Oats	1,429,000	47.2	67,465,596
Barley	432,800	31.5	13,624,700
Flax	34,900	13.5	472,140

172,938,640

### DISSOLUTION CONFERENCE

Karlstad, Sept. 8.—The Sweden-Norway conference appointed to discuss the dissolution of Norway and Sweden has adjourned to allow the delegates to return to confer with their governments. The result is decidedly uncertain.

### LARGE FLOUR MILLS

Ottawa, Sept. 8.—The contract was signed here today with the Mills Chamberlain Co., of Milwaukee, for the machinery in the new mill of the Keowatin Flour Mills Co., of which John Matter, of Ottawa, is president. The contract price for the machinery was over \$200,000. The capacity of the mill is 4000 barrels per day which can be increased by 2,000.

SLAUGHTER IN THE CAUCASUS.  
Baku, Caucasus, Sept. 8.—The situation here could hardly be worse. The terror-stricken inhabitants are fleeing from the city knowing the garrison is inadequate to protect them, and although the worst scenes of fire and massacre have not yet occurred in Baku itself, no one doubts that how far the excesses may reach. The entire commercial quarters of Baku, Sabanto and Nonani have been wiped out by fire and the inhabitants remaining behind were massacred and thrown into the flames.

### LIBERAL CANDIDATE CHOSEN

Edmonton, Sept. 7.—A. D. McCannell, of Crossfield, was selected by the Liberals of the Roseburg division as their standard bearer in the coming provincial election. A very representative gathering held in Edinburg yesterday.

Two names were presented to the meeting, Mr. McCannell and Dr. Clark, of Olds. The vote was very close, Mr. McCannell securing 27 of the 52 votes polled. The nomination was made unanimously and great enthusiasm prevailed. The Liberals are confident of carrying the riding.

A public meeting was held in Edinburg last night at which Mr. McCannell, C. A. Stuart, of Calgary, and others spoke.

### GOVERNMENT OFFICES

Some twenty government officials arrived in the city last evening from Regina, and about a car load of papers, documents and files relating to the Province of Alberta also came along. The offices of the Public Works Department will be opened at once in the top flat of the Empire block, which is now ready for occupation.

The remainder of the building which is to be occupied by the government, offices is not quite completed yet, so temporary quarters will be taken in the frame buildings west of McDougall & Second's store which are now being fitted up in a temporary way for the purpose.

The work of installing the offices will begin today and in a short time the department work will be in full blast.

### CONCLUDING JAP-RUSSIAN WAR

Articles Finally Agreed On By the Peace Plenipotentiaries.

The peace treaty opens with a preamble reciting that his majesty the Emperor and his majesty the Emperor of Japan, desiring to close the war now subsisting between them, and having appointed their respective plenipotentiaries and furnished them with full powers which were found to be in form and have come to an agreement on a treaty of peace and arranged as follows:

Article 1 stipulates for the establishment of peace and friendship between the two empires and between the subjects of Russia and Japan respectively.

Article 2—His Majesty the Emperor of Russia recognizes the preponderant interest from political, military and economical points of view of Japan in the empire of Korea, and stipulates that Russia will not oppose any measures for its government protection or control that Japan will deem necessary to take in Korea in conjunction with the Korean government, but Russian subjects and Russian enterprises are to enjoy the same status as the subjects and enterprises of other countries.

Article 3—It is mutually agreed that the territory of Manchuria be simultaneously evacuated by both Russian and Japanese troops. Both countries being concerned in this evacuation, their situations being absolutely identical. All rights acquired by private persons and companies shall remain intact.

Article 4—The rights possessed by Russia in conformity with the losses by Russia of Port Arthur and Dalny, together with the lands and waters adjacent, shall pass over, with their entirety to Japan but the properties and rights of Russian subjects are to be safeguarded and respected.

Article 5—The governments of Russia and Japan engage themselves, respectively not to put any obstacles to the measures which shall be taken for the development of the commerce and industry of Manchuria.

Article 6—The Manchurian railway shall be operated jointly between Russia and Japan at Kowang Tsiung fang. The two branches shall be employed only for commercial and industrial purposes. In view of Russia keeping her branch lines with all rights acquired by her in connection with China for the construction of that railway, Japan requires the rights in connection with such branch lines which falls to her, however, the rights of private parties or private enterprises are to be respected. Both parties to this treaty remain absolutely free to undertake what they deem fit on expropriated ground.

Article 7—Japan and Russia engage themselves to make a conjunction of the two branch lines which they own at Kowang Tsiung fang.

Article 8—It is agreed that the southern part of Sakhalin Island as far north as the fiftieth degree of north latitude together with the islands dependent thereon shall be under the right of free navigation is assured in the Bays of La Perouse and Tartare.

Article 9—This article recites the situation of Russian subjects on the southern part of Sakhalin Island and stipulates that the Russian colonists' right to remain without changing their nationality. Per contra, the Japanese government shall have the right to force Russian convicts to leave the territory which is ceded to her.

Article 10—Russia engages herself to make an agreement with Japan giving to Japanese subjects the right to fish in Russian territorial waters of the Sea of Japan, the Sea of Okhotsk and Behring Sea.

Article 11—The two high contracting parties engage themselves to renew the commercial treaty existing between the two governments prior to the war in all its vigor with slight modifications in detail and with a most favored nation clause.

Article 12—Russia and Japan respectively engage to re-constitute their prisoners of war on paying the real cost of keeping the same, such claim for costs to be supported by documents.

Article 13—This peace treaty shall be drawn up in two languages, French and English. The French text to be evidence for the Russians and the English text for the Japanese. In case of difficulty of interpretation, the French document to be final evidence.

Article 14—The ratification of this treaty shall be countersigned by the plenipotentiaries of the two states within

fifty days after its signature. The Japanese and Russian governments to announce by telegraph the ratifications of the treaty.

Two additional articles are agreed to as follows:  
Article 1.—The evacuation of Manchuria by both armies shall be complete within eighteen months from the signing of the treaty beginning with the retirement of the troops of the first line. At the expiration of the eighteen months the two parties will only be able to leave baggagel for the railway fifteen soldiers per kilometre.  
Article 2.—The boundary which limits the parts owned respectively by Russia and Japan in the Sakhalin Island shall be definitely marked off on the spot by a special photographic commission.

### FOUR JAPAN REGARDS THE TREATY

Tokio, Sept. 8.—(Delayed in transmission).—Under a vigorous defense by the conservative journals supporting the government and a fuller and better appreciation of the situation confronting the country, public sentiment is showing some evidence of reaction. The argument that it is impossible for Japan to continue the bloody war merely for the purpose of securing indemnity is proving effective in allaying dissatisfaction.

It is believed that when the government is free to explain fully the conditions of the settlement, and the logic appertaining to them, this sentiment will largely increase. The entire nation is keenly disappointed at the outcome. Nowhere throughout the empire has there been a step taken toward the celebration of the conclusion of peace. The radicals continue their campaign against the government, demanding for the punishment of those responsible for the compromise. The forthcoming Diet is certain to be turbulent. It is predicted that the Katsura government will be forced from office.

The decline of the market and the unsatisfactory crop conditions, coupled naturally with the heavy obligations of the government have created a gloom in some quarters that is a financial depression and unsatisfactory business conditions are impending.

A prominent banker said today to an associate and press representative that the Tokio exchange was an inaccurate barometer of real conditions, as lately the exchange transactions have been largely speculative. The August settlement was the largest in the history of the exchange. The recent decline, he said, was the result of conditions within the exchange, and not a correct reflection of general conditions. The banker added, "There is plenty of money in the country and undoubtedly we will weather any difficulty that may come."

The repatriation of the army will occupy at least ten months, there being in round figures a million men over the regular complement. This will cost many millions yen. The government may seek a domestic loan, but the disappointed over the recent developments show that the people are unwilling to subscribe. However, the government possesses considerable money and probably will manage the matter without embarrassment.

"I believe that much of the present agitation will pass away when the people appreciate the conditions. We won more than we started to fight for, and occupy a highly satisfactory position before the world. The cabinet and elder statesmen acted wisely, although it is possible that public sentiment will blindly demand that somebody be sacrificed. Knowing the temper and expectations of the people, the government has shown wonderful and commendable courage in stopping the war."

Baron Shikhsawa, discussing the peace settlement, declares his dissatisfaction with the terms, but says the Korean and Manchurian problems have been settled, and the purpose of the war realized. "The terms are of inadequate value," he says, "and the extent of peace imperfect and unsatisfactory. Still Japan secures paramountcy in Korea."

# CALGARY TRAGEDY

## BOY DROWNED—GIRL MISSING

Seven Year Old Boy Fell From the New Bridge Over the Bow—Little Girl Missing Since Sunday

Calgary, Sept. 7.—A sad drowning fatality occurred yesterday afternoon about five o'clock, when Clifford, the seven year old son of Mr. and Mrs. James Young, 19th avenue west, lost his life in the Elbow river at the foot of 2nd street east.

In company with his younger brother and another playmate, the little fellow was crossing the river of the new bridge which is being built at that point. He lost his balance and fell in and was quickly carried away by the swift current. His brother immediately ran home and told his mother of the accident and in a few minutes searchers were looking for the unfortunate lad.

It was after seven o'clock before the body was found in a spot about 200 yards below where the accident occurred. The men who were working on the bridge did not learn of the accident until after the alarm was given to Mrs. Young at her home.

Mr. Young spent the day in the country duck shooting and did not know of the death of his son until his arrival home about nine o'clock last night.

At a late hour last night the police and friends were still looking for little six year old Mamie McPherson, who mysteriously disappeared Sunday about noon.

The Eau Claire Co.'s pond was drained yesterday afternoon, but a thorough search failed to locate the missing child. Workmen employed by the company searched the pond from the upper footbridge as far as the gates at the power house. All the water was not let out but the men were able to wade through the pond. It is just possible the child has made her way to relatives who live on a ranch west of the city.

Mr. and Mrs. McPherson were heart-broken when seen by a press representative at their residence last evening. Mrs. McPherson says the child crossed the footbridge with the family and began playing along the bank of the pond. Her brother remained on the island and the mother thought they were together. Mrs. McPherson returned immediately from the house and found the little boy alone. He told his mother he thought his sister had started to Sunday school with some neighbors' children.

When crossing the foot-bridge Mrs. McPherson noticed a lady sitting about the centre of the bridge and reading a book who she thinks might have noticed the little girl, after the family passed. If this lady, who wore a grey jacket brown skirt and sailor hat, saw anything of the child, she will confer a favor on the anxious mother by communicating with No. 614 Second avenue west.

## C.P.R. FIGHTING GREAT NORTHERN.

Vancouver World: The latest move in the fight between the Canadian Pacific and the Great Northern railways has taken place in London, England, and, as one result, the former of the Canadian railways in a few weeks J. J. Hill will only own two straws of trust from Northport to Roseland. For some weeks W. H. Aldridge, the astute manager of the C.P.R. smelter at Trail has been missing. It is now learned that while friends had been wondering as to his whereabouts, he has been in London where he has succeeded in having Anthony J. McMillan, managing director of the Le Roi, turned out in favor of his own nominee, F. W. Roit. McMillan was the man who stood in the way of the Le Roi joining the big Roseland mine amalgamation at the price which was favored by the people who subsequently formed the merger of the War Eagle, Centre Star and St. Eugene, the latter being a Southeast Kootenay mine vastly different to the Roseland properties. Aldridge, who has been in the front of the deal, is now about to lay before the Le Roi shareholders proposals for amalgamation which it is claimed, will carry, seeing that McMillan is removed.

If Aldridge gets his way the Le Roi smelter at Northport, Wash., will be closed down and all Roseland ore will be smelted at the Trail institution. This, of course, will mean that the branch of the Great Northern from Roseland to Northport will lose its chief source of supply. The friends of the C. P. R. say this will be "a very fair trade for J. J. Hill's Oliver in feeding the Granby smelter with fuel over an American road." It is claimed that the saving to the Le Roi will be one dollar a ton, or \$300,000 a year in smelting charges. It is further asserted that though the Canadian shareholders of the Le Roi spent half a million at Northport they were a prey for every speculator and therefore if the town is ruined by the closing of the smelter no tears need be shed here. It is recalled that when the Canadians wanted to get water at Northport they found it all corroded and they could get it for \$60,000; that when thieves were caught red-handed with stolen amalgam from the Le Roi having lost \$100,000 in this way—a Northport jury refused to convict. Those who know of these things, say that Northport's day of reckoning has come.

In reading all this it must be remembered that the story comes from sources very friendly to the C. P. R. and just as strongly anti-Hill.

## ALBERTA CENSUS

Calgary Herald: Archibald Blue, Ottawa, Census Commissioner for Canada arrived in Calgary Wednesday. His business in Calgary is to gather information preliminary to the taking of a special census of Manitoba and the newly constituted provinces next June.

The constitution of Manitoba requires that a census of population shall be taken every five years to provide a basis for the per capita grant made by the Dominion government and as the great bulk of the immigration into the territory to the west of Manitoba has occurred since the Dominion census of 1901, the authorities at Ottawa decided to include Alberta and Saskatchewan in this special census. The taking of the census will be directed from the west. A portion of the permanent staff will be brought up from Ottawa to tabulate the returns made by the enumerators who will be selected in the various localities.

The census of population will be taken by name, age, occupation, religion and nationality. In addition to the counting of heads a census of agriculture will be taken and in this department the enumerators will secure information as to the number of live stock of the different kinds; the number of acres broken and in crop of the principal grains and the yield in bushels for the crop year of 1933. As the census will not be taken until June next year the acreage broken for crop in 1934 will also be included.

We think we have bought too many, so offer these Saturday at - - - ACTUAL COST

Every Bargain designated by Red Card: "SATURDAY BARGAIN."

#### A METER INSPECTOR

Captain Harbottle has been appointed by the Dominion Government as Meter Inspector for the province of Alberta. His office will be in the Inland Revenue Department in the back part of the ground floor of the Macdonald Hall on Second street.

This appointment will be a very great convenience to the city. Heretofore all meters shipped to this city had to be unpacked, inspected and repacked in Winnipeg, which expense and trouble will now be saved. It will also be a very great convenience to citizens who have any doubt as to the accuracy of their meters, as they can have them inspected right here in the city with very little trouble. Mr. Harbottle enters upon his new duties tomorrow. Mr. O. Higgins, chief electrician of Ottawa, is in the city arranging for the opening of the meter inspection office here.

#### RAILWAY CONSTRUCTION

Seventh street east from Klinsino avenue west, is no longer a thoroughfare but is being rapidly converted into a railway track. Wheel scrapers are busy bringing earth for the grade over from near the station.

The foundation for the new station is almost completed, the brick and stone work is going up rapidly. Standing at the station, the right of way presents a busy scene. Looking west teams can be seen busy constructing the grade into the station yards from that end, and east, only a block or so away, twenty or thirty teams are busy on the grade coming from that direction. At last the city's railway expectations are being realized.

#### STREET LIGHTING

Thirty-nine of the fifty-four series are lamps for the lighting of the city streets have been erected and the difference in the illumination is very marked indeed. The switch board and power house equipment for the lights has not yet arrived. The C.P.R. has been trying for five weeks to locate this freight but so far has failed, so that only temporary connections have been made in the meantime.

The remainder of the lights will be erected by Thursday next when the city will be properly lit up. The lights work perfectly and when the permanent switch board, etc., is in place the system of lighting will be first class in every particular.

THE CELEBRATION AS  
OTHERS SAW IT

TORONTO WORLD.  
Edmonton, N.W.T., Sept. 1.—The inaugural ceremonies of the new Province of Alberta today were an immense success. This concert last night in the rink was attended by five thousand well-dressed people, by five thousand representatives of Canada, perhaps, than even a Toronto audience would be. The Governor-General and Sir Wilfrid Laurier were in the front, and the concert was excellent, while the keynote of Earl Grey's speech here today at the ceremonies was the impression that the gatherings of last night and today made on him.

The town and country people were a revelation to all who saw them for the first time. The ceremonies were imposing and yet democratic and the governor-general, as the representative of the king, with the regiment of mounted police smartly disciplined, all on splendid mounts, red-coated, soldierly, well-drilled, added a note of picturesque to the democratic mirrored western land.

TORONTO GLOBE.  
Edmonton, N.W.T., Sept. 1.—The great Canadian sisterhood of Provinces received an addition today by the admission of the promising young nation the Province of Alberta. The prayers of years have at last been answered by the Canadian Parliament in July, the duty of preparation remained with the western people themselves, and nobly have they performed it. Excesses cannot come West without learning that here they never do things by halves. That tradition was fully sustained today, when Alberta became a province under the most impressive and auspicious conditions that could be desired. Rain had fallen during the night, but the day brought breaking clouds, succeeded by the glorious northwest sunshine.

It was a day of wholesale unadulterated enjoyment, and the spirit in which the citizens take on their new responsibility is that of conscious pride, tempered with a little modesty.

Early in the morning the magnificent procession paraded through the streets, which spoke loyalty with their miles of bunting and hundreds of flags, and pride by their half dozen great arches. Over 1,000 school children, the youngest of them on floats, crowded the lines and cheered with an energy that will yet make the desert bloom. The old-liners were there, too, but how young they seemed for fathers of a country like this! Then there were local trades unions and hundreds of citizens in carriages. At the Exhibition grounds, where the exercises took place, two hundred mounted policemen gave a series of evolutions which won the warmest admiration of everyone. Earl Grey reviewed the force before the platform ceremonies began.

## MAIL AND EMPIRE.

Edmonton, Alberta, Sept. 1.—Today saw the birth of the new Province of Alberta, and Edmonton now wears the title of capital. The entire city is en-fete, and every street gay with flags and bunting. Yesterday afternoon the Governor-General, Sir Wilfrid Laurier and party arrived on a special from Calgary. Lady Grey and Lady Evelyn Grey were unable to be present, the long journey west to Winnipeg proving too fatiguing for her Excellency. The vice-regal party received a great ovation.

Last evening a huge concert was held in the Thistle Rink, which was attended by the Governor-General and party. The rink is the largest assembly hall in the West and it was taxed to the limit. Hundreds stood and hundreds were unable to obtain admission. The concert was a great success. Afterwards the Governor-General held a reception, and hundreds made their bow before the vice-regal party. It is estimated that 5,000 were there.

The formal inauguration of Alberta as a province took place at noon. Before the ceremony the Mounted Police to the number of 200, under Commissioner A. B. Perry, gave a magnificent exhibition of drill. They were marched past the Governor-General and presented a fine appearance and were cheered to the echo. Commissioner Perry then read Gov. Bulyea's commission, and the oath of office was administered by J. J. McGee, Clerk of the Privy Council. A salute of twenty-one guns was then fired. An address was then read to the Governor-General by Mayor Mackenzie and was responded to happily by his Excellency. An address was next read to Lord-Gov. Bulyea and was replied to.

## The Balance

## Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it is in good condition. It will move 3,500 miles in a year and requires less than one tenth of a drop of oil to make it run. But it needs that little badly. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay you and satisfy you.

A. BRUCE POWLEY,

Jeweller.

Near the P.O. Edmonton.

## Ross Bros Limited

The  
Gillette  
Razor

To men who are accustomed to shave themselves, we would recommend the little over-ready Gillette Razor, while this is one of what is generally called.

## Safety Razors

It is entirely different from the ordinary Safety, for with the Gillette you have no honing or stropping to do, as the Razor is always ready for use. The blade that is in the Razor when you buy it, is good for not less than ten shaves, and to a man who has an ordinary delicate, or fine beard it will shave thirty times without stropping; then you simply remove that blade and put in a new one, or in other words, throw the old blade away, not trying to renew its edge, but put in a new blade, thus you start again with a new Razor. Twelve blades go with each Razor, and these twelve blades are good for not less than 120 shaves without stropping. The Razor is always ready. Then when the blades become dull, and you throw them away, you buy a new set of blades for \$1.00, which means again not less than 120 shaves. No matter if you are on the road or in a jolting conveyance of any kind, the Razor is always ready for use. You cannot cut yourself if you try.

We are the only people in this northern country who have these Razors, and as we have seen them work and know their capabilities we can recommend them without the slightest hesitation.

## WETASKIWIN BRANCH

## WILL BE EXTENDED EAST

Designed to Form Part of a Direct Through Line to the Great Lakes—Construction Proceeding

Calgary, September 6.—General superintendent Jamieson of the C. P. R. has returned from a trip of inspection of the two branch lines which the company are pushing eastward from the C. & E.

The Wetaskiwin branch has been put in complete order for a distance of twenty-five miles and has been inspected and accepted by Government Engineer McCarthy. By Sept. 15 there will be another twenty-five miles completed and in running order.

It is the intention of the C.P.R. to connect this branch with the Manitoba & Northwestern which is now in operation as far as Shebo, 12 miles west of Yorkton. Work is progressing steadily from the east and construction is going on from this point. The line will strike Saskatoon and from that west to meet the Saskatoon branch through the fertile country which will thus be opened up for settlement.

The importance of this line to Alberta will be very great. The C.P.R. will then have practically direct connection with northern Alberta. Strathcona is only forty miles from Wetaskiwin and from there the road runs almost in a straight line to Portage la Prairie.

The Lacombe branch will be completed twenty-five miles west by the middle of the month and in operation if the fall is as favorable as this season generally is in Alberta, the work will be pushed steadily and fifty miles more will be in operation.

Both branches run through a good farming and ranching country which up to the present has not been very thickly settled owing to the lack of railway facilities. This drawback will now be removed and this portion of the west will rapidly fill up.

## TELEGRAPHIC

## CANNING FACTORY BURNED

Montreal, Sept. 5.—The St. Eustache Canning Co.'s factory at St. Eustache, was destroyed by fire last night, loss \$50,000. The explosion of a gas engine used for soldering purposes was the cause of the fire.

## THE VICTORIAN IN DANGER.

Quebec, Sept. 7.—It is now feared that the Victorian may be jammed on the rocks so that even with the backing of her cargo she may refuse to come off. There is also the apprehension that she may be more strained than it was at first hoped.

## HOMESTEAD ENTRIES.

Ottawa, Sept. 7.—Homestead entries for August were 3059 or 606 more than for August last year. The highest increase is at Battleford, where they were twice as large as in August, 1904.

The Railway Commission left today and will commence a sitting at Fort Arthur, afterwards going on as far as the Pacific coast.

## OFFICIALS ARE PUZZLED

Halifax, Sept. 7.—There is another hitch in connection with Canada taking over the Halifax fortifications. Early this summer the Imperial authorities were informed that the Canadian Militia Department was unable to assume control by July 1 as agreed and it was suggested that it be postponed until September 15. There was no reply received to this and it seemed evident that the War Office considered a further postponement was necessary. The Ottawa Government therefore proposed another postponement until October 15, and Sir Frederick Borden and General Lake left on a trip to the Pacific Coast. Yesterday a reply was received to the first message agreeing to the transfer on September 15. The officials here are in a quandary what to do in the absence of the Minister of Militia.

## SALVATION ARMY RIOT.

Montreal, Sept. 5.—The Salvation Army opened up a new corps in the town of St. Louis, the northern suburb of this city Saturday evening and continued services Sunday and again last evening. The opening meeting will go down into history as among the roughest in the history of the Salvation Army, scarcely being surpassed by anything seen in Canada in the line of provoked mob violence. Women officers were kicked and

struck in the face with hard missiles, men were kicked, beaten and covered with mud. Windows and doors were smashed and citizens who showed a friendly attitude towards the Army were forced to flee and take refuge in private houses. The police, three in number, were utterly powerless to quell the disturbance of the mob made up of French Canadian men and boys some of whom declared they did not want the Army in that part of the city.

## DAILY BUS

Between Edmonton and Strathcona. Hours of leaving Edmonton for Strathcona: 7 a.m., 8:30 a.m., 1:30 p.m., and 3 p.m. Our bus meets train in Strathcona at 4 p.m. Passengers to either depot. Orders for bus should be sent one hour before time. Baggage attended to by phoning 189.

## LOCAL

—One drunk four dollars, was the police court record this morning.

—The firemen removed the decorations from the front of the fire hall last evening.

—The wooden side walks on First street south of Jasper, have been removed and cement walks will be laid at once.

—The work of excavating for the foundation of the new stable and bell tower for the fire hall was begun this morning.

—R. Campbell, one of two young men who visited Edmonton a month or so since on a walking trip around the world, shot himself in Vancouver while temporarily insane.

—The Wm. Yule company will play in the Theatre Royal on Monday and Tuesday evenings of next week. Mr. Yule is late of the Harold Nelson Co. and is a whole show in himself.

—Mr. Arthur Robertson, formerly principal of the O'Sullivan Business College here, late of the Attorney-General's Department, Regina, is in the city and will take a position with the new provincial government.

—The city council met tonight. Last week's meeting was omitted on account of the celebration. Alderman Grubbach intends to bring up the matter of prosecuting the Calgary Herald for its libellous snow storm story.

—The St. Joachim church Sunday school will picnic in Grout's flat tomorrow, Saturday, September 9. The children are requested to meet at the church at 10 a.m. Photos will be taken of the party before leaving for the grounds. All are requested to be on time. Buses leave on the return trip at 4:30.

—Foundkeeper Forde is still doing business at the old stand. His stable looks like a dairy barn this morning. Eight cows and a colt occupy the stalls awaiting redemption at the hands of their owners. The colt and a grey heifer are to be sold tomorrow to pay the charges against them. One cow is wearing a bell.

—Hon. W. T. Findlay, Minister of Agriculture and Provincial Secretary and Hon. Dr. DeVoe will arrive in the city this afternoon. Both will be sworn in by Lieutenant-Governor Butev immediately upon their arrival. A meeting of the executive council will then be held this afternoon and the organization of the provincial cabinet for Alberta will be completed.

—Calgary Herald: Ald. Chas. May, Edmonton—There is no occasion for any fight between Edmonton and Calgary for superiority. There is plenty of room for two big cities in the West and they will be Edmonton and here. Of course I stick up for my own town. I have done well and I like the place so why should I say it. Calgary is no doubt all right, but Edmonton is good enough for me.

—Toronto World: Edmonton is a wondrous city out in the far North West. One hundred hours from Toronto, full of big ideas, big business and about to burst into a great development. It has as good a country about it as Toronto—That is its hope; and three great transcontinental lines are now in the hottest kind of rivalry to make it the next city to Winnipeg and nearer to Winnipeg than Calgary. It will be only sixty hours from Toronto in a few months.

—The Merchants Bank of Canada, is opening up a branch at Vegreville immediately. Mr. C. R. Merton, formerly accountant of the Souris, Manitoba, branch, will be the Manager and is now at Vegreville. The present town of Vegreville is located about four miles south of the new C. N. R. line, and it is the intention of the business men of the place and the bank as well, to move over to the new site as soon as the townsite is open.

—The cricket club will be unrepresented in the Red Deer tournament, next week it being impossible to raise an XI. This is to be regretted as Calgary and Pine Lake are each sending a team. The next Ochsened cup match is billed for Friday, Sept. 15th. The Fort XI will play here on that day and against Strathcona on the following day (Sept. 16). Tomorrow Sept. 17th the scheduled game is 'A' to 'B' vs. 'C' to 'Z'. The names of players will be found on the cricket board in Rolfe and Kenwood's office.

—Winnipeg Free Press: The Free Press has received the following telegram from P. T. Fisher, secretary of the Edmonton board of trade: The Calgary Herald of Friday last published the statement that the recent trainmen through several inches of snow coming into Edmonton Thursday. The report is without a shadow of foundation and will work serious injury to Western Canada. It appears to be a deliberate attempt to injure the Edmonton district even at the risk of damaging the whole country. All statements from the same source concerning Edmonton are unreliable. A small but noisy section of Calgary is prepared to go any length to discredit Edmonton.
